Edward,

Well what can I really say that you don't already know? Can you believe that we are actually going on another year together? But I glad we are. Last year was fun and so was the 3 years before it. I hope that we can make this year even better. We really don't get to see much of each other during school this year. But lets still try and make it good. We only have 2 years left together, in school that is. You mean the world to me. Good Luck in everything & Love you, 4/ever

Always,
Misty

EDITORS' PAGE . . .

Every year brings about changes in each of us, whether it is how we live, how we look, or how we think. These changes are largely a result of things we experience and observe everyday in the world around us.

This year's Gleaner, "The Main Attraction", is an attempt to categorize the events of the 1986-87 school year at Roscoe High School.

This book, in a way, has become a part of Linda and myself. Through the course of putting this book together, we have worked, cheered, and cried.

Sincerely,
Kim Etheredge
Editor

The work involved in putting out an annual is hard but rewarding. It involves not only long tedious hours but also lots of thought and emotion. It's fun to watch the annual being produced, and to watch how the year shapes for the students, and the teachers.

No two years are ever alike so no two annuals are ever alike. It's always fun and exciting to take part of the memories each year brings. The annual is a special record of all thats happened in that year.

Sincerely,
Linda Hernandez

Events

Every year the students of RHS spend countless hours working on all kinds of activities such as sports, band, and dramatics. They go to stock shows and UIL meets. Not to mention the time spent at parties, dances and just riding around.

There are so many extra-curricular activities that are supposed to round out our education, enrich our lives, and better prepare us for life. These are the things that make school interesting.

In this section we are trying to show the activities that take place at Roscoe. Unfortunately we can't cover them all, but we covered all we could.

Band Contest

Marching Contest was an exciting event for us this year as feelings of nervousness and excitement filled all who participated.

It took weeks of hard, serious practice to learn and perfect the marching drills we were to use at contest, then came our one chance to give our best performance and make a good rating.

From beginning to end, I can say that after we had performed, most of us felt confident that we had done a good job. But our moment of truth would come when the ratings were finally announced . . .

After what seemed to be forever, the speaker announced, "Roscoe, Division I" and the whole band shrieked with happiness over the rating. Our goal for First Division had been achieved.

Sincerely,
Lisa Clark

1986-87 Plowboy Band

In spite of the pandemonium involved in getting ready for the contests that the band goes to, this year the Plowboy Band received a 1 in both marching and concert.

It was a long hard struggle that began two weeks before school began when most of the members met at school for practice. There were quite a few setbacks, like a rained out marching clinic and two weeks without an instructor, but in the end the band came through with flying colors!

One of the reasons we were able to do so well is that we all pulled together in the end, however, I'm sure Miss May had some sleepless nights wondering if we could. This year was never easy, but usually fun, and all the hard work really paid off.

My participation in U.I.L. events has been fun, especially this year. Along with the thrill of winning, meeting new people is exciting. I have met "interesting" people from Jayton, Trent, Ira, and Highland. Drama has been one of the most thrilling events in which I've participated. Our hard work paid off at Westbrook. We received many honors and took the Zone Championship! Unfortunately, the thrill of victory was gone at Rotan, where the district was too tough. We received many honors once again, but Trent and Hermeliegh went on to Bi-District.

We also had a debate team and two other individuals to qualify for the Regional U.I.L. meet. Anyone who is skilled in an event should put out the effort to compete in U.I.L. Winning in an event not only gives pride to the individual, but also to the school. Congratulations to everyone honored through any U.I.L. event!

Trying out for cheerleader can be a frightening experience. It takes hard work and determination to decide and tryout in front of the student body, and judges.

When working together, you learn what is right and what is wrong. I think helping each other is the best thing about it.

When it came time to hear who the 1987-88 cheerleaders would be there was a feeling of excitement in the air. Hearing my name called out was the biggest thrill of the day!

People

The RHS student is an individual. After all, How many schools have a plowboy for their mascot. With all the different things there are to do here everyone is active.

The People section of this book shows all the clubs and classes, But it is more than that. It shows what each person is like at RHS. It is fun to see what senior has the longest list of achievements, or who was chosen Mr. an Miss RHS.

This section is always fun to do because we get to see who the school thinks is the wittest and so on. We hope you enjoy it as much as we enjoyed putting it together.

Interviews

Boom Town

On October 24, 1986 Roscoe High School was "shaken up" by a bomb threat.

As the students entered school, they were told to report to the bleachers at the football field. Many rumors were circulating in the bleachers before the students were actually told the circumstances.

After the students were told about the bomb threat, the faculty got everything under control. The girls were bused to the Community Center, where they gossiped and put on makeup. The guys stayed at the football stadium where they played football.

Before the morning was over, a decision was made to dismiss school.

Most of the older students did not take the bomb threat seriously and thought it was great getting out of classes. However, some of the younger students took it more seriously, and were upset that some harm might come to the school and possibly some people.

The building was searched by Dyess' bomb-sniff dogs, but nothing was found.

Some students went home to relax and sleep, or watch t.v., and a lot of the high school students met and ate at Pizza Hut. A lot of gossip was spreading about how many bombs were found, or how many had gone off, and thankfully it was just gossip. KXOX appropriately dedicated two songs to Roscoe High School, "Rumors" and "Boomtown."

To the 1986-87 Plowgirls, Coach Young and Coach Martin.

I want to thank each of you for a very good and exciting year. At the beginning of the year, our goal was just to make it to the Regional tourney, but we did better than that! We made it to the "Big House" State!!! We did not win state, but to me, I felt like we did, and I still do. I want to thank Coach Young and Coach Martin for believing in me, and not letting me be satisfied with just being good. I am going to miss all of you next year, and once again, thanks!!!

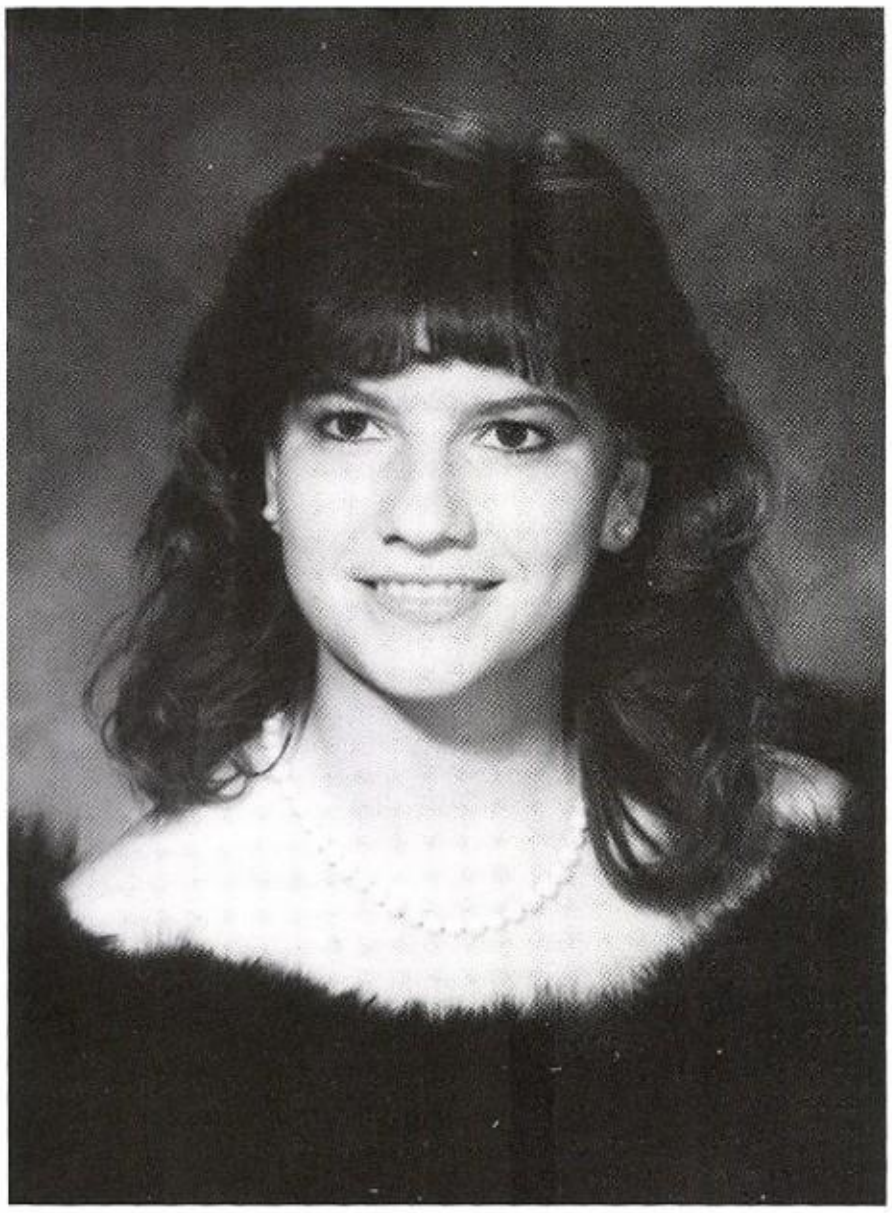
State U.I.L.

Participating in Austin at the UIL State Meet was exciting and memorable. The competition at the state level is tough because every person at the meet is a winner. The pressure was tremendous, but that made the trip even more exciting.

I am glad that I had the opportunity to represent Roscoe High School at State in Informative Speaking, and I would like to thank Mr. Meares for pushing me to do my best.

Mary Langston



The UIL State meet in Austin was a terrific and memorable experience. I knew that shorthand was a difficult subject, but as I advanced on to state, I found that district was not as tough as I first thought! What I have learned this year will be very helpful to me in the future.

Even though I did not win first, I felt honored to be able to attend the State meet. Everyone there had achieved something that others may never experience in their lives, and I will always remember my trip to Austin as being fun and educational.

I would like to thank Mrs. Edmiston for teaching me everything I know!

Elementary

Playing on the playground, nap time, learning the ABC's are all parts of being in elementary school. You make friends and learn all sorts of new things. It is a fun exciting time in a child's life.

Before you know it you are in Jr. High school. There are athletics and pep rallies, band and UIL. The courses are harder. Things like Computer Science and Texas History. It's different experience altogether.

The Elementary/Jr. High section is our attempt to chronical the year for two very different groups of people. We hope to include all the people and events that made this year special.

The Curtain is closed and the spot light is turned off. For this year's Seniors, there is nothing left but majestic memories. For next year's Seniors, the fourth act is about to begin.

Edward,
I'm glad we got
to know each other
better our the
summer, we had
alot of fun at
the pool & the
football games
I hope we can
keep our friendship
going a lot more.
Good luck with
school and keeping
basketball, Jack, &
the future.
Love ya,
Kelly Christina

Edward
It has been
alot of fun com-
ing to school in the
big town of Roscoe. You
are a cool guy even though
I don't really care for
You are a little too
Michael can be little
cool and don't wall too

Love
Always,
Suzann
P.S. Stay
slow!

Good Luck
with everything
U do

Edward,
Besides the fact that you're one of my favorite cousins, you're also a great friend to me. It's hard to believe we've been with each other all our lives. We been through a lot together and I'm sure we're not through. You'll always mean a lot to me. Good luck in everything you do!

Love ya,
Ellie
(the greatest!)

Edward,
you have got to be one of the most (or the most) nicest guys in our class. You are a really special friend and you and I know some things that will always be our little (fun) secret.

Love ya,
Diana
